

Keilton + autani

WP1018A Series

8-Key Battery Powered Wall Switch

WP1018A

Description

The Keilton+autani WP1018A is a battery powered, Bluetooth switch that utilizes two AAA batteries. It controls Keilton+autani Bluetooth devices when connected with the Keilton+autani app. When combined with a Decora wall switch plate, the WP1018A can replace an existing wall switch. The WB Surface Mount accessory is available for mounting to most surfaces.

Features

- Bluetooth 5.0 network technology enables the switch to be linked to one or more light groups via the Keilton+autani app
- Powered by two AAA batteries
- 4 separate configurable scene buttons
- Preset scene functions available for scene buttons: ON, ON/OFF, OFF w/15min delay, OFF w/1hr delay, OFF w/2hr delay, OFF w/4hr delay, AUTO/ON, 100% ON/OFF
- Separate DIM+/DIM- buttons
- Separate ON-AUTO/OFF buttons
- LED indicator will flash blue when connecting to app
- Red LED indicator will flash for low power condition
- Easily retrofit existing wall switches with Decora wall plates

Requirements

- 2-AAA batteries (not included)
- Decora wall plate or WB Surface Mount (not included)
